

GIVE THE GIFT OF GARDENING THIS GRANDPARENTS DAY

July 2008

Green-fingered grandparents may be confined indoors by the time their special day comes around in October so give them a totally weatherproof present.

For Grandparent's Day (October 5th) gift them a Dancing Bee gardening DVD they can enjoy come rain or shine. The range will provide much needed therapy for the gardener deprived of outdoor work – and will enthral, entertain and provide some valuable tips.

The '**How To**' range gives a step by step guide on a whole range of gardening activities from leading horticulturalist, Tom Petherick. He has also visited some of the country's most beautiful gardens for the '**Finest Gardens**' collection. Finally, in the '**Top Tips**' films, he gives experienced and new gardeners alike a fresh perspective on how to approach various tasks – making them ideal gifts for loved ones.

The Dancing Bee DVDs are available online at www.dancing-bee.com, by calling 0870 3259 999 or from selected garden centres.
